Ministry of Education, Child Care and Early Years Act

Creative Beginnings is licensed by the Ministry of Education. The new Child Care and Early Years Act (CCEYA) came into effect in August 2015, replacing the Day Nursery Act. Along with the new Act, the Ministry included a document outlining the expected philosophical pedagogy for all child care centres in Ontario entitled, “How Does Learning Happen”(HDLH). For more information about the CCEYA or HDLH, please visit www.edu.gov.on.ca/childcare/.

Program Statement

Our program statement is an active working document. It will be updated and modified as we learn and grow with our children, our families, and our community. All employees and student/volunteers shall review and sign off on the program statement and implementation policy prior to interacting with children and when the program statement has been modified.

Creative Beginnings recognizes that *children are competent, capable, curious, and rich in potential*. The following statements reflect our current practices of early childhood education.

In conjunction with the Ministry of Education’s early childhood pedagogical document, “How Does Learning Happen”, our Program Statement is organized around the following “four foundational conditions that are important for children to grow and flourish” (HDLH, p.7). At Creative Beginnings, each of our locations and/or rooms are encouraged to personalize their experiences. Therefore, the Actions listed may vary slightly from centre to centre.

Creating Safe and Caring Environments

Creative Beginnings Childcare Centres is committed to providing all of our children with a safe and caring environment in which to play, learn, and grow. In order to establish consistency throughout the day for the school-aged children, school processes and consistent language will be used where possible. As such, we will take the following steps to support our programs.

- Programs will be staffed with the needs of the various groups in mind.
- Program staff will receive regular support and advice from the Site Supervisor in regards to classroom management and activity planning.
- Program staff will strive to build relationships with each child in their care, in order to proactively engage children in meaningful activities and to recognize when a particular child may need more support at any given time.
- Dividing larger numbers of children into smaller groups will provide the opportunity for staff to develop stronger relationships with each child in their group, and will assist staff in monitoring activities. Groups may be combined for some activities should staff feel it would be beneficial for the children.
- Children experiencing difficulties will be given an opportunity for reflection (Solution Map) and an opportunity to make better decisions. The Solution Map will be sent home to be signed by parents and returned.
- A Behaviour Support Plan will be developed to assist children who experience continued or more serious difficulties. This will clearly outline supports that will be used, as well as behaviour outcomes and expectations. If aggressive or unsafe behaviour should continue in spite of all of Creative Beginnings proactive strategies, the child may be temporarily or permanently removed from our program.
- We recognize that parents are the primary experts when it comes to their child, and regular communication with parents will be a priority in order to assist children with good decision-making skills.

Staff

Our staff are trained, qualified professionals with a degree or a diploma in Early Childhood Education (or otherwise approved by the Ministry), members of the College of ECE, are First Aid and CPR Certified, and must have a clear Vulnerable Sector police check. Our centre supports staff training and development as an opportunity for improving current work performance, providing enrichment, and preparing individuals to meet future organizational needs. As part of the centre’s commitment to “Raising The Bar”, employees are required to have at least 8 hours of professional development activities per year. Our staff will help your child explore

the world through various activities. They will also help your child to develop social skills in an atmosphere of warmth and caring. Please feel free to approach the staff with any questions or concerns you may have.

PROGRAMS

Infant (available at Sir Adam Beck) Full time only	0 months to 18 months
Toddler	18 months to 2.5 years
Preschool	2.5 years to 5 years

Movement between Programs

Once your child is old enough to move into the next age group, we will offer you the next available space that meets your schedule in that age group. This can take time - not all children will move right away. Children in our centre remain in their younger age grouping until there is an appropriate space for them in the next age group, and families continue to pay for the program that they are currently in.

Before and After School Programs	4 years to 12 years
P.D. Day Programs/Summer Day Camp	4 years to 12 years

- All programs (excluding infant care) are available full-time or part-time (minimum of 2 consistent days per week is recommended)
- Full day programs are recommended a maximum of 9 hours/day.

Curriculum

We use a pedagogical approach to learning. We believe the children to be capable and competent and therefore respect them as individuals and plan the curriculum around their interest. By actively observing children at play, teachers learn about the developmental progress of individual children and what skills and knowledge they are working on. They listen to children's ideas and interests, and connect their curriculum goals with those of the children in responsive and creative ways. Planning emerges from the children's interests and daily life in the program. We use *How Does Learning Happen?* as a platform for guiding our emergent curriculum.

Summer Camp

Summer Camp is offered to school age children, Jk-Grade 6 in weekly blocks. Each week has an exciting theme and field trip. Camps are run per age groups.

Summer Camp Fee

Hours of Operation

The centre is open year round and operates Monday to Friday 7:00 a.m. to 6:00 p.m. Children must not arrive at the centre BEFORE 7:00 a.m. A late fee charge of **one dollar per minute per child** will be charged if you arrive after 6:00 p.m. to pick up your child. You will be asked to sign off on a late fee form. If this continues, possible termination of your childcare may occur.

The centre follows statutory holidays and aligns closely with the School Board calendar. We will be closed on New Year's Day, Family Day, Good Friday, Easter Monday, Victoria Day, Canada Day, Civic Holiday, Labor Day, Thanksgiving Day, Christmas Day, and Boxing Day. Each year, the Waterloo Region District School Board closes its school buildings for approximately one week during the Christmas break. When the school building is closed, our childcare centres are not permitted to operate. The 2018/2019 Christmas closure dates

are December 24, 2018 through January 1, 2019. **Creative Beginnings will reopen on Tuesday January 2, 2019.**

Termination of Childcare Space

Your child's space may be terminated for the following reasons:

Non-Compliance with General Policies and Payment Provisions Failure to comply with any of the above policies, including any payment provisions, may, at the CBCC's sole discretion, result in immediate termination of the space, in addition to any other available legal remedies.

Behaviour Related This policy recognizes that a child care centre is not always appropriate for all children. This could be because of physical or mental disabilities, or behaviour problems. This termination policy is meant to protect the children and staff of the centre from physical and/or mental stress brought on by the social and behavioural difficulties experienced by some children. A decision to terminate a child's space will not be made unless all alternate avenues have been exhausted.

The following points will be considered:

- Verbal and/or physical abuse of staff and/or children by the child in question.
- An inability, by the child in question, to follow rules and routines, therefore consistently disrupting the program.
- Written complaints about the child in question from parents of other children in the centre.
- Inappropriate or disturbing behaviour exhibited by the child's parent.

The following procedure will be used in deciding to terminate a child care space: An initial meeting will be scheduled with the respective parent(s) to clearly outline the issue at hand. The issue will be recorded and articulated to parent(s) by staff members for up to a one-month period. If the parent(s) are able to follow through on recommended practices, then staff will assist them in making contact with the appropriate agencies. The Board of Directors will be informed of the procedures and kept updated throughout the entire process. If the documentation determines it to be necessary, the Executive Director of the centre (along with the staff) will meet again with the parent(s) to discuss the issue. If the issues at hand continue, one month's notice termination will be given in writing by the Executive Director of Creative Beginnings Childcare Centre.

Inclement Weather

In accordance with our agreement to operate in a Waterloo Region District School Board school building, if the WRDSB deems that the school building is to be closed due to inclement weather or other unforeseen circumstances, we are not permitted to be in the building. Therefore, please listen to public announcements on radio stations or other media outlets regarding school closures due to severe weather. If the school is closed, Creative Beginnings will also be closed. If the buses are not running, but the school is open, Creative Beginnings will be open. If the School Board deems it necessary to close a school during the school day, parents must pick up their child from our Centres as soon as possible in order for us to evacuate the building as directed.

If in doubt, please listen to see if the school board has closed the schools.

YOUR CHILD'S DAY

Arrival and Departure

Our Teachers are excited to see you and your child in the morning! Children must be brought directly to the classroom in the morning and their outdoor clothing removed and shoes put on by the parent. Under NO circumstances should a child be sent into the centre alone to find his or her classroom. Parents must ensure that a staff member is aware of the child's arrival. Make your presence known to the teacher, if your arrival hasn't been acknowledged. We ask that everyone wipe their boots at the building's entrance to assist us in keeping the environment clean. Please use the front door to enter and exit the building rather than the playground entrance.

Children must be picked up by 6:00 p.m. or late charges apply. If anyone other than the person authorized on your application will be picking up your child, please give written notice where possible, or call the centre. We will only release your child to those people on your authorized pick up list and with proper photo identification.

Custody Arrangements

If your child has formal custody arrangements, CBCC requires that you provide notarized copies of these arrangements for your child's file. Should your child's custody arrangements change at any time while attending CBCC, you are required to provide CBCC with notarized copies of those documents as soon as they are available. Failure to provide these documents in a timely manner places your child and CBCC in a difficult situation, and may result in the loss of your child care space at CBCC.

The centre assumes no responsibility for children once they are picked up by a person authorized by the parent (i.e. relative, an emergency contact, child care provider, etc.). It is the center's policy not to release children to siblings or others under the age of 14 years even with parental permission.

Clothing and Possessions

If your child isn't dirty at the end of the day, give them back to us because they haven't played hard enough to learn anything.

The Importance of Play

"Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood." – Fred Rogers

Playing and learning is hard dirty work. Here are some clothing tips to help your child play and learn:

- Make sure your child knows it is ok to get dirty. Children often refuse to take part in a messy activity because they are afraid they will get dirty
- Dress your child in comfortable, washable clothes
- Make sure your child has a change of indoor and outdoor clothing in their cubby at all times, in case of accidents. Please label all clothing.
- Outdoor play is an important part of our program and the Child Care and Early Years Act requires that children are outdoors for a minimum of 2 hours per day. Therefore, clothing for all weather conditions should be at the centre, such as winter/sun hats, coats, snow/splash pants, winter/rubber boots, 2 pairs of waterproof mitts, neck warmer, (scarves are not permitted) etc.
- Please help keep your child safe by removing strings from your child's clothing (jackets/hoods etc.) to prevent choking/strangulation
- Label all clothing so they can be easily identified, all items without a name will be placed in the "lost and found" and after a period of time unclaimed items will be donated.
- Send your child with clothing that encourages independent dressing and that is easily laundered
- **SHOES** - It is recommended that running shoes be worn for your child's safety. Your child should leave an extra pair of shoes in their program. In the full day programs, the children will have their own cubby space in which to keep their personal belongings. A storage box with the child's name will be in the cubby. Please assist us in keeping this space clean and tidy. In before and afterschool areas the children may have a hook to store their belongings in their backpacks, please help to keep these off the floor as this can be a tripping hazard.

Personal items from home

Please know that we understand the need and sometimes desire for children to bring toys or items from home. We know that some items can help children with transitions and make them feel a sense of comfort and we support them. Understand that we do our best to keep track of all your child's belongings. That being said, the

staff or the centre will not be responsible for ensuring that toys are not lost or damaged if you chose to send toys to the centre. Please LABEL everything.

Projects will be displayed on walls and placed in cubbies when they are ready to go home. Please watch for these and do not allow your child's work to pile up. Take it home to enjoy with them. They are very proud to share their creations.

Rest Time

After a busy morning of exercise and activities the preschool and toddler children rest on their cots for approximately 1 to 2 hours according to their needs. Sheets are provided by the centre. Please feel free to send a comfort toy with your child and blanket.

Nutrition

Wholesome, nutritious lunches and snacks (morning and afternoon) are provided for the infants, toddler, and preschool programs, as well as to all school-aged children on PD Days, School Breaks, and Summer Camps. A nutrition policy will be provided for these programs so parents may follow the guidelines. Menus for the programs provided with lunch are posted on the Parent Information Boards in each room for the current week, as well as the menu for the next week. Special dietary needs and allergies should be discussed with the Site Supervisor prior to enrollment. All containers, cups and other items MUST be labeled with your child's full name.

Creative Beginnings Childcare Centre locations are allergy safe and will not knowingly serve nut products. Please DO NOT SEND FOOD ITEMS THAT CONTAIN NUTS AS WE ARE A NUT AWARE CENTER.

Emotional Development and Child Guidance

Child guidance is maintained through careful, active supervision, setting clear limits and giving age appropriate explanations. Teachers approach negative behaviors in a positive manner, using praise and attention to encourage desirable behaviors. Creative Beginnings staff view children as competent, capable, and rich in potential. We engage in problem solving alternatives where age appropriate, which may include:

Redirection

Guiding a child into acceptable options

Natural or Logical Consequences

Attempting to make the child aware of the result of his or her actions

Modelling

Demonstrating appropriate ways of interacting with others

Anticipation

Teachers plan and prepare the environment in such a manner to avoid conflict

Ignoring

Some inappropriate behavior can be ignored and more attention paid to appropriate behavior

Reflection Time

A child may be moved to a different supervised setting for a short period of time to reduce stressors and provide calming time

Positive Reinforcement

Showing genuine approval when children are engaged in positive activity

Prohibited Practices

In accordance with the Ontario Ministry of Education Regulation 137/15 ss.48, Creative Beginnings shall NOT permit:

- corporal punishment of the child;
- physical restraint of the child, such as confining the child to a high chair, car seat, stroller or other device for the purposes of discipline or in lieu of supervision, unless the physical restraint is for the purpose of preventing a child from hurting himself, herself or someone else, and is used only as a last resort and only until the risk of injury is no longer imminent;
- locking the exits of the child care centre or home child care premises for the purpose of confining the child, or confining the child in an area or room without adult supervision, unless such confinement occurs during an emergency and is required as part of the licensee's emergency management policies and procedures;
- use of harsh or degrading measures or threats or use of derogatory language directed at or used in the presence of a child that would humiliate, shame or frighten the child or undermine his or her self-respect, dignity or self-worth;
- depriving the child of basic needs including food, drink, shelter, sleep, toilet use, clothing or bedding; or
- inflicting any bodily harm on children including making children eat or drink against their will.

Duty to Report

Every person in Ontario is required under the Child and Family Services Act (CFSA) to report his or her belief that a child may be or is in need of protection to a Children's Aid Society, Family and Children's Services, a Catholic Children's Aid Society or the Jewish Family and Child Services.

Child and Family Services Act 1984 Section 72 (1) Item: Professional or Official Duties, Suspicion of Abuse or Child Protection Concerns: Despite the provision of any other Act, a person referred to in subsection 4, who, in the course of his or her professional or official duties has reasonable grounds to suspect that a child is suffering or may have suffered from abuse, shall forthwith report the suspicion and the information upon which it is based to a Children's Aid Society.

Child and Family Services Act Section 72 (2):

Ongoing Duty to Report: The duty to report is an ongoing obligation. If a person has made a previous report about a child, and has additional reasonable grounds to suspect that a child is or may be in need of protection, that person must make a further report to a Children's Aid Society.

Child and Family Services Act Section 72 (3): Persons Must Report Directly:

The person who has the reasonable grounds to suspect that a child is or may be in need of protection must make the report directly to a Children's Aid Society. The person must not rely on anyone else to report on his or her behalf.

Day Nurseries Act Section 0202 - 07: Reporting of Child Abuse:

It is the legal responsibility of every person who performs professional or official duties with respect to a child, to report abuse or any suspicions of child abuse encountered in the course of one's work, to the Children's Aid Society. This responsibility is extended to include any volunteers, students or support staff that have contact with the children. Persons failing to report suspicion of child abuse are subject to legal action and a fine if convicted. Suspected cases of child abuse by a staff member of the day nursery must be reported to the Ministry of Education, as well as the Children's Aid Society.

What does "Duty to Report" mean to my Family?

Duty to Report means that every staff member at CBCC has a legal responsibility to report any and all suspicions of child abuse or neglect. While it is our duty to report suspicions, it is the responsibility of Family and Child Services (F&CS) to investigate. The results of this investigation are confidential between Family and Child Services and the family involved. The staff at CBCC contacts Family and Child Services directly to report a suspicion. The staff of CBCC will not contact the family involved to discuss suspicions before calling F&CS or contact the family to notify them that a report has been made.

Serious Occurrence Reporting

Creative Beginnings Childcare Centre is responsible for delivering services that promote the health, safety and well-being of children. CBCC is accountable to the public and to the ministry to demonstrate that our services

are consistent with relevant legislation, regulations and policies. Serious occurrence reporting is one of many tools that provides CBCC with an effective means of monitoring the appropriateness and quality of service delivery. A serious occurrence is a report that is made to the Creative Beginnings Childcare Centre's licensing body, the Ministry of Education. Examples of Serious Occurrences include: any serious injury that results in medical treatment, any disaster on the premises that requires emergency services, any complaint about operational, physical or safety standards of the service that is considered serious by the Creative Beginnings Childcare.

When a serious occurrence is reported to the Ministry by Creative Beginnings Childcare Centre, parents will be notified by a Serious Occurrence Notification Form on the Parent Board in the front entrance.

Health & Safety

To maintain a good standard of health, a Daily Health Check is completed upon each child's arrival at the centre. The centre follows Public Health and Ministry of Education guidelines on illness and exclusion policies. Children showing signs of a communicable disease such as pink eye, vomiting, 2 or more bouts of diarrhea, fever, or undiagnosed rash/skin disease, must be kept at home until diagnosed by a physician. Should a child become ill during the day he/she will be supervised away from the other children and the Site Supervisor will use her discretion in deciding if the parent should be contacted and sent home. Should the child need to be sent home it is the parent's responsibility to pick up their child or to make arrangements for them to be picked up.

Child illness:

Diarrhea	The child must be away from the program 24 hours after the last diarrhea
Vomiting	The child must be away from the program 24 hours after the last vomit
Rash	any unidentified rash, the child must be seen by a doctor (a note may be required for The child to return to program)
Pink Eye	Must be diagnosed by a doctor and the child may not return to the program 24 hours after drops have been administered

Please notify the centre if your child has been exposed to any communicable disease whether or not they are showing any symptoms. A sign will be posted to report any communicable disease to the parents.

Active children will end up with bumps and scrapes from time to time. If your child gets hurt at the centre a written report will be provided for you to sign explaining the details of the incident, and this will then be placed in your child's file. If there is a serious accident that results in the need for medical attention, the centre will contact you and arrangements will be made for you to pick up your child or meet the staff at the emergency facility. If you cannot be reached, we will contact your emergency contact. **Upon registration, an emergency contact other than the parents MUST be given on the enrollment form. In an emergency, staff will always attempt to contact the parents first.**

Emergency Practices

A random monthly evacuation drill is conducted as part of our program. In the event of a building evacuation each location has its own emergency shelter as stated on the posted Fire Drill procedures. In order to prepare for other unlikely emergency situations, we will also practice a 'Lockdown Procedure' with the children. We ensure that we have any emergency policies and procedures in place to protect the children while they're in our care.

Prohibited Items

We ask that you assist us in providing a safe environment for the children by ensuring that your child does not bring money, balloons (either inflated or deflated), toys with small pieces or anything which may be a hazard to the young children at the centre.

Immunizations

As part of the enrollment process, all children must be up to date with their required immunizations prior to starting or have a signed exemption form completed. Updates must be given to the Site Supervisor as immunizations are completed and yearly as required. In the event of an exemption, the CCEYA requires notarized paperwork.

Medication

Only prescribed medication may be administered by the Teachers in your child's program. A two-step process is in place to ensure accuracy. A medication form must be completed by the parent or guardian before medication may be dispensed, and the staff administering the medication must sign the form after giving the medication. All medication must be brought in the original container labeled with:

A child's full name-date-dosage (amount and time to be given) and storage instructions (i.e.; refrigerated). All medications and forms must be kept up to date to ensure they will be administered upon request.

All Epi pens have their own form including details to the anaphylaxis protocol.

***All medication must be given to the child's teacher. It cannot be kept in a cubby or backpack.**

Sun Protection

Our full day programs (Infant, Toddler, Preschool) will supply sunscreen that has a sun protection factor (SPF) of 30 with protection against UVA and UVB rays. Parents are encouraged to supply a hat each day. School Age children must provide sunscreen that is labelled and complete a permission form for educators to help apply it to your child.

Supervision of Volunteers or Placement Students

We welcome volunteers as well as student placements at Creative Beginnings. Volunteers and students must have a Vulnerable Sector Police check according to the Ministry of Education's regulations. Volunteers and students will be supervised and monitored at all times. Direct unsupervised access to children is not permitted for persons who are not employees. Persons under the age of 18 may not directly supervise children. Volunteers and placement students are not counted in staffing ratios.

REGISTRATION AND FEES

Enrollment

Many children are able to enter a childcare facility with little or no complications. However, this transition can be difficult for some children. Our staff will do everything they possibly can to help both the child and the parent/guardian overcome the anxiety of separation. It has been our experience that children will quickly calm down and begin to explore their environment once the parent has left. If at all possible we strongly encourage parents to set up some visitation times prior to the child's first day, to assist the child in becoming familiar with the environment and staff. There is no fee for these visits as long as the parent or other adult remains with the child at the centre. We also welcome parents' calls at any time throughout the day to discuss their child's day and to assist in reassuring the parent that their child is adjusting.

An enrollment package must be completed and returned and the deposit and registration fee paid prior to the child attending. A photocopy of your child's yellow immunization card MUST also be on file with the centre. We ask that parents indicate the expected arrival and departure time for all children so that we may staff according to those times. Any variation of 15 minutes or more to this schedule needs to be confirmed with the centre supervisor.

While every effort is made to accommodate each child, there may be occasions where a child's particular needs cannot be met by our program. In that event, we may ask that the child be withdrawn. You will be given withdrawal notice of at least 2 weeks in this rare case.

Fees

A non-refundable registration fee of \$30.00 is required upon registration, plus a \$250 deposit which is refundable when 30 days' written notice is given. Please note, deposits are returned after full payment is received and not applied to a last month's invoice.

Fees are collected via Pre Authorized Debit monthly. The invoices will be emailed/distributed by the Office Administrator. The invoice is to be paid by the 1st OR 1st and 15th of the month. If fees are not paid on time each month, a 2% interest fee will be applied. A charge of \$45 applies to all NSF cheques.

COMMUNICATION AND PARENT PARTICIPATION

It is our goal as a centre to maintain an "OPEN DOOR" policy. We feel it is important to have open communication with the parents and families. Parents are always welcome at the centre at any time during the day to visit with their child without giving prior notice, and please feel free to call at any time to check on how your child's day is going. We ask that you advise us of any changes or events at home that may affect your child's behavior. Our staff are committed to providing an environment which fosters cooperation between the home and centre. It is very important that both the parents and the teachers work together to help your child reach their full potential. Daily contact with parents is encouraged at drop off and pick up time or please feel free to call the centre to speak with your child's teacher.

Parents are also asked to complete a program evaluation periodically throughout the year. Feedback and suggestions are welcome any time. Mini-reports are completed on all children not attending a school program. If you wish to have one completed on your child who attends a school program, please talk to their teachers. These reports go home twice per year and are a quick informal report to let parents know how their child is doing at childcare. Reports are sent home in December and June and parent/teacher interviews may be set up at any time that you find necessary.

Newsletters and calendars are sent home on a monthly basis to keep you informed of the activities and special events happening at the centre in your child's program. Program Schedules and weekly Program Plans are all posted in each program on the Parent Information Board located in each room.

Field trips: Parents will be notified of any field trips and off-site activities through the monthly calendars as well as postings. Parents are encouraged to come along with their child on these outings. Please talk to your child's teacher if you are interested. Local off-site activities such as walks are not always planned ahead of time but occur to accommodate the interests and needs of the children.

Family Events: Throughout the year we plan at least two special family events, A Holiday Social and a year-end BBQ. We can't wait to celebrate with you!

Fundraising: Parents are asked to assist the centre in fundraising throughout the year. Fundraising helps us to keep our childcare fees down by assisting us in purchasing numerous program supplies, such as new toys, gross motor equipment, creative supplies and sunscreen.

Board of Directors: The centre is run by a volunteer Board of Directors. Meetings take place once a month (except December and July) on the third Monday of the month. You are encouraged to attend these meetings as members and are welcome to join the Board as well. For more information, please talk to your Site Supervisor who will put you in contact with the Board President.
